We are authorized to announce
W. T. SEORT
as a candidate for State Senator in the
17th Senatorial District, subject to the
action of the Republican party at its
primary election on August 2, 1919.

ANNOUNCEMENTS
We are authorized to announce
HON. E. BULLOCK
as a candidate for Representative from
the Seventeenth Legislative district, com-
posed of Rockcastle and Laurel coun-
ties, subject to the action of the Repub-
lican party at its primary election on
August 2, 1919.

THE ATTORNEY GENERAL SHIP NOMINATION.

JUDGE Frank E. Daugherty, of
Bardstown, and Ryland C. Mus-
ick, of Jackson, in the 9th Con-
gressional District, are the con-
tending candidates for the Demo-
cratic nomination for Attorney
General. Which one should the
Democrats nominate?

Daugherty lives in the 4th
Congressional District and spends
a great deal of his time in the
city of Louisville. Musick is
originally from Scott County, but
lives now, and has for years, in
Jackson, Breathitt County. He
is well known in Central and
Northern Kentucky. He is a so-
ber and industrious man. He is
a clean, upright man and recog-
nized as a good lawyer. He is
aggressive and believes thorough-
ly in a better and more enlight-
ened and progressive Kentucky.

But what of Judge Daugherty?
He was once Commonwealth At-
torney of the 10th Judicial Dis-
trict. His nomination for that
office was very doubtful and in
1915, his opponent, whom he had
defeated for the nomination in
1909, came back and won over
Daugherty for the nomination for
the same office. By reason of
these two fights and for other
reasons not necessary to mention
here, Daugherty is looked upon
as not a very strong candidate in
his own bailiwick.

But there is another reason
why Daugherty should not be
nominated and one that every
Democrat who loves his State
and his Party should carefully
consider. Eli Brown is Judge
Daugherty's sponsor and cham-
pion. The moment Eli Brown
heard of any worthy, honest and
capable Democrat being urged to
run for Attorney General, he
would immediately set about,
with every means at his command
to stop such a movement. He
would not only use messengers
but letters and telegrams in his
efforts to keep "them" out of the
race. Brown claimed that Daugh-
erty has already organized the
State with his assistance and
that no one has a chance to de-
feat him; that certain powerful
influences are behind Daugherty,
which spells victory.

Such methods have been
adopted and used by Eli Brown
on men who were not even seri-
ously thinking of running for
the nomination but whom Brown
had heard mentioned for the
place. He even attempted to
prevent Ryland Musick from run-
ning as he frowned on and dis-
couraged the entry of others
against Daugherty. Brown was
determined, if possible, that
Daugherty, should have no op-
position. Why should the bosom
friend and rich beneficiary of
Stanley's administration cham-
pion Daugherty's campaign? Is
he to be appointed special coun-
sel in important cases like he
was in the now famous Harkness
tax case in the City of Lexington?

We do not know Mr. Musick
personally, but before discussing
the respective merits of these
two men for the place they seek,
we set about honestly and con-
scientiously to obtain the truth
as to both of them. Neither can-
didate is under any obligation to

us nor is the Signal under the
slightest obligation to either of
them. We are asking nothing at
their hands and have endeavored
to seek the truth only that it
might be known to all men.
What the Signal wants and all it
is striving for is to see the Dem-
ocrats select the strongest ticket
obtainable and then go behind
it with a vim and a push that will
mean election in November.

Looking solely to this end, we
appeal to the Democrats to think
soberly, even prayerfully, and
then act wisely. The Democrats
of the State will select their own
nominees. They will march to
the polls on the second of August
and proclaim their individual
choice. In that election the
poorest citizen of Rockcastle will
have the same voice as the rich-
est man in Louisville, Covington
or Lexington. It will be a ticket
selected by the people that will
represent and serve the people.
Yea, more, if the Democrats act
wisely in the August Primary, it
will make the election of the
ticket easier in November.

KENTUCKY

Rockcastle County is a law
abiding county. Its citizens are
patriotic in all things. To up-
hold the law is a duty. The new
Revenue law provides that the
Tax payer shall come to the
County seat and give his list
between July 1st and October
1st—each year.

Don't be a slacker. Uphold
the law. Any one failing to com-
ply with this law, will be fined
not exceeding fifty dollars. I
am asking you to come in on an
early date, before the weather
gets bad and before I am crowded
with work. My office will be
opened from 8 a. m. until 5 p. m.

missioner.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when
suffering from a severe attack of
summer complaint, I took Cham-
berlain's Colic and Diarrhoea
Remedy and it relieved me almost
instantly," writes Mrs. Henry
Jewett, Clark Mills, N. Y. This
is an excellent remedy for colic
and Diarrhoea and should be
kept at hand by every family.

"Meats in Storage"

Every working day of the year
75,000,000 pounds of meat are required
to supply home and export needs—and
only 10 per cent of this is exported.

These facts must be kept in mind
when considering the U. S. Bureau of
Markets report that on June 1, 1919,
there were 1,348,000,000 pounds of
meats in cold storage. If the meat in
storage was placed on the market it
would only be 20 days' supply.

This meat is not artificially withheld
from trade channels to maintain or
advance prices.

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc.,
in process of curing. It takes 30 to 50
days in pickle or salt to complete the
process.
- 10 per cent is frozen pork that is to be cured
later in the year.
- 6 per cent is lard. This is only four-fifths
of a pound per capita, and much of it will
have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of
which is owned by the Government and
was intended chiefly for over-seas ship-
ment. If this were all diverted to domes-
tic trade channels, it would be only
1 1/2 lbs. per capita—a 3 days' supply.

From this it will be seen that "meats
in storage" represent merely un-
finished goods in process of curing and
the working supply necessary to assure
the consumer a steady flow of finished
product.

Old John Barleycorn saw his

had no legal power to lift the
war time prohibition, the act
specifying that it must continue
till the demobilization of the

his proposition to lift the ban
on wines and beer, so the coun-

MATTING RUGS

Put a Matting Rug 9x12 on the floor
during summer and notice how much cooler
it makes the room. Bare floors or floors
covered with woolen carpets just seem so
hot and stuffy during the hot days that the
housewife will just naturally put down a
beautiful bordered Japan matting rug and
make the room seem so much cooler. We
are showing them in different colors and
designs at \$4.75 for a 9x12 ft. and 98c for
a 3 by 6 Rug.

We sold four of those good mattresses last week. More
